Section 3. This act is not intended to be inconsistent with or to repeal any provision of any act enacted at this or any prior session of the General Assembly regulating the purchase of supplies, the ordering of printing and binding, the purchase, maintenance and use of automobiles, the method of making payments from the State Treasury for any purpose or the functioning of any administrative department, board or commission.

Section 4. No appropriation made by this act to any department, board, commission or agency of the Executive Department shall be available unless and until such department, board, commission or agency shall have complied with sections 604, 605 and 606 of The Administrative Code of 1929.

Section 5. The term "employees" as used in this act shall include all directors, superintendents, bureau or division chiefs, assistant directors, assistant superintendents, assistant chiefs, experts, scientists, engineers, surveyors, draftsmen, accountants, secretaries, auditors, inspectors, examiners, statisticians, marshals, clerks, stenographers, bookkeepers, messengers and other assistants in any department, board or commission.

Section 6. The term "expenses" and "maintenance" shall include all printing, binding and stationery, food and forage, materials and supplies, traveling expenses, training, motor vehicle supplies and repairs, freight, express and cartage, postage, telephone and telegraph rentals and toll charges, newspaper advertising and notices, fuel, light, heat, power and water, repairs or reconstruction of equipment, buildings and facilities, rent of real estate and equipment, premiums on workmen's compensation, insurance premiums on policies of liability insurance covering the operation of permanently assigned automobiles, premiums on medical payment insurance and surety bonds for volunteer workers; premiums on employe group life insurance, the purchase of replacement or additional equipment and machinery other than passenger motor vehicles and all other incidental costs and expenses, including payment to the Department of Property and Supplies of mileage charges for the use of automobiles and of expenses or costs of services incurred through the Purchasing Fund. The term "expenses" also shall include the medical costs for the treatment of inmates of State institutions when the inmate must be transferred to an outside hospital: Provided, That in no case shall the State institution pay more for patient care

than that provided under the purchase of hospital and post-hospital care program.

Section 7. Purchase of supplies, materials and equipment shall not be deemed to be committed or encumbered until contracts covering said purchases have been entered into with the vendors.

Section 8. In addition to the amounts appropriated by this act, moneys received in payment for food and household supplies furnished to employes and other persons, except inmates by an institution, and moneys received from the proceeds from the sale of any products of the soil, meats, livestock, timber or other materials sold by the department shall be paid into the General Fund and are hereby appropriated out of the General Fund to the several respective institutions for the operation and maintenance of said institutions.

Further, in addition to the amounts appropriated by this act, all moneys received from the Federal Government, or from any other source as contributions for the programs provided herein, shall be paid into the General Fund and are hereby appropriated out of the General Fund for the purposes of the respective appropriations.

Section 9. That part of all appropriations in this act unexpended, uncommitted and unencumbered as of June 30, 1966, shall automatically lapse as of that date.

Section 10. The provisions of this act shall be severable. If any provision of this act is found by a court of record to be unconstitutional and void, the remaining provisions of the act shall, nevertheless, remain valid unless the court finds the valid provisions of the law are so essentially inseparably connected with and depend upon the void provision that it cannot be presumed the General Assembly would have enacted the remaining valid provisions without the void one, or unless the court finds the remaining valid provisions standing alone are incomplete and are incapable of being executed in accordance with the legislative intent.

APPROVED—The 9th day of July, A. D. 1965, except for the items listed as follows:

I must refuse full approval to a bill which would inevitably lead to a tax increase in 1966 on the people of Pennsylvania.

This bill, if not corrected, and in context with other important appropriation measures which have already passed or are in process of passing the General Assembly, would send the Commonwealth once again down the dreary road toward deficit spending.¹

¹ This is clear even beyond the fact that this bill exceeds Administration recommendations for general appropriations. Its excesses are the cornerstone of the publicly proclaimed intention of the House majority leadership for total spending of \$1,376 million. The suggestion that we simply inflate next year's revenue estimates must be dismissed since history shows that such inflated estimates have been at the root of past deficit spending in Pennsylvania.

Deficit spending results in higher taxes. Further, the Pennsylvania Constitution specifically prohibits the Governor from authorizing deficit spending.

Accordingly, certain items in the bill must be vetoed to bring spending in line.

First, a little background:

The tremendous increase in revenues in the fiscal year just ended (1964-65) was unique in Pennsylvania history. The total increase over the previous year was \$118,701,000 and represents a 10.5 percent increase. This, of course, is the main reason for the largest surplus in our history, although excellent budget control and sound administration added to it.

The predictions and estimates for 1965-66 hopefully indicate another good year, but by no means the size of increases that was experienced in this past year. If expenditures are kept in line as recommended by the Administration to the Legislature, insofar as our experience and consultation with economic experts all over the Nation indicate, we should be able to operate in this fiscal year, 1965-66, without deficit spending. Certainly that is my intention and determination.

The final fiscal year of this Administration, 1966-67, may be a critical one. It is already anticipated that expenditures in that year on programs that the Legislature already has enacted (education, mental health, etc.) will increase by at least \$75,000,000 and possibly more. Accordingly, it is essential not to add new spending at this time over what has been recommended. In fact, to attempt to fool people is to do them harm. For example, to prescribe welfare benefits for one year which then would be withdrawn the next, is no way in which to act responsibly toward the people of Pennsylvania.

The fiscal bedrock beneath the Administration's program for a better Pennsylvania has emerged unweakened in this legislation. The 206 items which appear in this legislation exactly as recommended by the Administration, constitute a great legislative victory for the people of Pennsylvania.

The bill does have, however, two serious defects.

First, it fails to provide for a few programs which are of extreme importance to the people of Pennsylvania. This defect can be repaired easily, if the General Assembly so desires, by enactment of additional measures. These include:

Office of Administration	\$ 200,000
Milk Control Commission	40,000
Edinboro State College	241,228

Mansfield State College	\$1,617
Youth Development Centers	2,202,108
State Police	315,282
Joint State Government Commission	500,000

The second great defect of the bill is that by going overboard on a relatively few items it spends money Pennsylvania would be very hard pressed to find this year and which probably would not be available next year without a tax increase. In addition, there are other serious flaws, perhaps explained by the hasty manner in which H.B. 1465 was prepared and introduced, which need correcting.

I therefore discharge my clear duty as follows:

TO THE DEPARTMENT OF PUBLIC INSTRUCTION

(Public Libraries)

This Administration enthusiastically supports steady increases for the State's public libraries. Our record of substantial increases is clear proof of this support.

Doubtless some libraries in the State are capable of absorbing a sudden and unplanned skyrocketing of State aid. But this is State-wide legislation, and such a rapid acceleration cannot be efficiently absorbed State-wide. Far better is the steady, dependable increases which it has been the practice of this Administration to recommend.

I am therefore paring this appropriation. After my action, local and special libraries will receive 15 cents per capita, which is exactly double the 7.5 cents they received before this Administration took office. District libraries will be raised from 3.75 cents per capita at the beginning of this Administration to 7.5 cents. Regional libraries will receive \$50,000 each, up from \$33,000. In addition, we will maintain the \$8,000 maximum for county libraries and the existing \$1.25 equalization factor.

The upshot of my action is that, as I recommended earlier to the General Assembly, State aid to Pennsylvania's library system will have been increased a full 95% during this Administration.

It is also pertinent to mention that, although forgotten by the framers of this appropriation, Federal aid of more than three-quarters of a million dollars will be available to our libraries for the first time this year. Added to State aid this means Pennsylvania's libraries will be receiving 149% more than they were the year before this Administration took office.

The following accomplishes what I have outlined above for Pennsylvania libraries:

I approve in the sum of \$2,986,954 the appropriation for grants to public libraries for the development and improvement

of a State-wide system of libraries and library services as provided in the act of June 14, 1961 (P. L. 324) including State aid to local libraries, county libraries, district library centers and regional library resource centers. I withhold my approval of the remainder of the said appropriation because it is not in accord with my recommendation to the General Assembly.

TO THE DEPARTMENT OF PUBLIC WELFARE

(Public Assistance)

First of all, this bill must be adjusted in view of the stop-gap appropriations enacted earlier.

Then, there are other items in the public assistance section which must be vetoed.

At face value the bill appears to attempt to increase the amount for such grants. As explained below, however, it misses the mark. I have seen statements in the press that by forcing a veto of the excess, certain forces hope to question this Administration's commitment to its legitimate social duty of concern for the poor and unfortunate.

This is plainly not the fact. No state in the Union surpasses Pennsylvania's total effort in behalf of the poor since 1963, and few match it.

Further, in every major state except Pennsylvania, in fact in almost every state, local government assumes part of the public assistance burden. It should do so in this State also.

Those with a sincere concern in this field who have consulted with this Administration know that it is the first to recognize that our society has not yet found the means to do all that needs doing. But, we are continuing a steady rate of progress. Though certainly not perfect, our record is one of which Pennsylvanians can be proud. I am attaching a summary of that record in the field of public assistance, without even mentioning the other equally important efforts under way in collateral fields of welfare, anti-poverty and the like.

Certainly those who framed the bill now before me must be aware of the record. Nevertheless, I prefer to conclude that the errors they have written into the bill are not politically motivated, but instead are well-intentioned. Even so, it is my duty to set the matter right.

Though adding millions in a potential tax increase, the appropriation is not sufficient to meet its self-declared aim of providing an additional \$5 per month for relief recipients. To let this flaw stand would be to perpetrate cruel fakery on the unfortunate. Indeed, under the language in the bill, much needed assistance to nursing home patients would be impossible.

The following language will correct the defects mentioned above:

I approve in the sum of \$13,773,990 the appropriation for county administration of the public assistance programs as provided in the acts of June 24, 1937 (P. L. 2017, 2045 and 2051), April 23, 1941 (P. L. 20), May 10, 1951 (P. L. 279), July 13, 1953 (P. L. 323), The Fiscal Code of 1929, The Penal Code of 1939 and the Public School Code of 1949. I withhold my approval from the remainder of the appropriation because Appropriation Act No. 14-A, approved June 29, 1965, appropriates \$1,730,043 for this purpose.

I approve in the sum of \$117,051,507 the appropriation for assistance payments as provided in the acts of June 24, 1937 (P. L. 2017, 2045 and 2051), April 23, 1941 (P. L. 20), May 10, 1951 (P. L. 279), July 13, 1953 (P. L. 431), August 9, 1955 (P. L. 323), The Fiscal Code of 1929, The Penal Code of 1939 and the Public School Code of 1949. I withhold my approval of the remainder of the appropriation. This reduced amount, together with \$14,701,261 appropriated for these purposes in Act No. 14-A, approved June 29, 1965, totals \$131,752,768 for these programs. Reduction of the foregoing item makes it impossible to carry out the purposes stated in lines 7 through 11 on page 35 of the bill, and I therefore disapprove the allocation of \$17,345,000 for the purposes therein stated.

I approve in the sum of \$507,422 the appropriation for payment of quarterly allocations to the Department of the Auditor General in such amounts as may be deemed necessary for the administrative expenses of such department in auditing appropriations for or relating to public assistance, including any Federal sums supplementing such appropriations. I withhold my approval from the remainder of the appropriation because Appropriation Act No. 14-A, approved June 29, 1965, appropriates \$101,484 for this purpose.

I approve in the sum of \$669,386 the appropriation for payment by quarterly allocation to the Treasury Department in such amounts as may be deemed necessary for the administrative expenses of such department in disbursing appropriations for or relating to public assistance, including any Federal sums supplementing such appropriations. I withhold my approval from the remainder of the appropriation because Appropriation Act No. 14-A, approved June 29, 1965, appropriates \$133,878 for this purpose.

On advice of the Department of Justice the following is necessary:

I withhold my approval from the appropriation in the sum of \$291,515 for payment by quarterly allocation to the Department of the Auditor General for the implementation of the organization and administrative procedures necessary to audit the purchase of the hospital care program, including any Federal sums supplementing such appropriations, in the following amounts: \$175,500 for salaries, \$40,700 for equipment and furniture, and \$75,315 for travel, phones, supplies and printing.

Another error in the bill (the unnecessary addition of \$25,000 more than requested by the grantee makes necessary the following:

I approve in the sum of \$739,616 the appropriation for payments to Mercy Douglass Hospital and the University of Pennsylvania for mental care and treatment given to the mentally ill referred by the Eastern Mental Health Center as provided in the act of June 12, 1951 (P. L. 533) and The Administrative Code of 1929. I withhold my approval from the remainder of said appropriation because the approved figure includes the \$50,000 increase requested by the University.

TO THE DEPARTMENT OF PUBLIC WELFARE

(Children and Youth)

Nowhere does the bill, as it comes before me, cast more confusion than it does in the field of services for children and youth. It fails to grasp the inter-relationship of the various programs in this area. Youth development centers, for which the State has primary responsibility, are penalized, while the child welfare program, to which local government must also contribute, are raised past the recommended amount, which included a large increase.

Because, as everyone knowledgeable in the field knows, the various programs for children and youth must be inter-related, the following background is pertinent:

The amount expended for Youth Development Centers the year before this Administration took office was \$3,290,517. The amount recommended by the Administration for 1965-66 is \$9,202,108. The recommended figure would provide for a capacity of 1,686 delinquent children as opposed to the 825 children in the Youth Development Centers in 1962-63. The cut of \$2,202,108 made by the House will reduce this capacity by 510 to 1,176 beds.

The total I am approving of \$5,791,468 for Payments to Counties for Child Welfare Programs represents an increase of \$3,995,385 or a 223% increase over the \$1,796,086 provided during 1962-63. This provides for an average reimbursement of 26.3% of County expenditures

for Child Welfare Programs as compared to 10.8% reimbursement provided during 1962-63. There are 13 more counties participating than did so in 1962-63.

The Administration's recommended amount of \$1,350,000 for grants to communities for Juvenile Delinquency Programs represents an increase of \$700,000 or 108% over the expenditures for this purpose during 1962-63.

In addition, we have recommended a separate appropriation of \$475,000 to provide a Day Care, Education and Treatment Center in Philadelphia for delinquent youth. This will service 200 delinquent children.

In summary, the Administration is recommending a total of \$16,818,576 for child welfare programs. This represents an increase of \$11,081,973 (193%) over the \$5,736,603 that was being spent for this purpose when we took office.

To get the children and youth program back on the road toward steady, logical improvement, I recommend the restoration of the \$2,202,108 cut from the youth development centers, and:

I approve in the sum of \$5,791,468 the appropriation for payments to counties for child welfare programs as provided in The Administrative Code of 1929. I withhold my approval from the remainder of the appropriation.

TO THE LEGISLATIVE DEPARTMENT:

To the Senate

I approve in the sum of \$294,500 the appropriation for Miscellaneous Expenses: Expenses, Senators. This provides for the same amount as was appropriated in 1964-65 plus \$1,800 additional expenses for each Senator retroactive to December 1, 1964. I withhold my approval from the remainder of the appropriation.

I approve in the sum of \$50,000 the appropriation for the payment of the expenses of the Committee on Appropriations of the Senate. This provides \$15,000 more than was appropriated in 1964-65. I withhold my approval from the remainder of the appropriation.

To the House of Representatives

I approve in the sum of \$75,250 the appropriation for Miscellaneous Expenses: Incidental Expenses. I withhold my approval from the remainder of the appropriation.

I approve in the sum of \$285,000 the appropriation for Miscellaneous Expenses: Legislative Printing and Expenses. I withhold my approval from the remainder of the appropriation.

I approve in the sum of \$50,000 the appropriation for the

APPROPRIATION ACTS,

payment of the expenses of the Committee on Appropriations of the House of Representatives. This provides \$15,000 more than was appropriated in 1964-65. I withhold my approval from the remainder of the appropriation.

WILLIAM W. SCRANTON

ADDENDUM
THE PUBLIC ASSISTANCE RECORD
OF THE SCRANTON ADMINISTRATION

The total expenditure for assistance payment, medical assistance for the aged, and state-aided hospitals for the 1962-63 fiscal year (the last budget of the Lawrence Administration) was \$117,768,327.

Assistance Payments	\$ 99,989,108
Medical Assistance for the Aged	3,424,759
State-aided Hospitals	14,354,460
	<u>\$117,768,327</u>

The appropriation requested and now approved by Governor Scranton for 1965-66 for these purposes totals \$131,752,768.

Assistance Payments	\$103,799,271
Medical Assistance for the Aged	10,953,497
Purchased Hospital Care	17,000,000
	<u>\$131,752,768</u>

The following improvements have been made to date during the Scranton Administration:

<u>Assistance Payments</u>	<u>Annual Cost</u>
Increase in Shelter Allowance	\$ 5,700,000
Increase in Nursing Home Care	615,000
Increase in Medical Fees	1,600,000
	<u>\$ 7,915,000</u>

Medical Assistance for the Aged

Eliminated Relative Responsibility	\$ 1,000,000
Increased Asset and Income Ceilings	875,000
Permitted Precertification of Eligibility	5,000
	<u>\$ 1,880,000</u>

Purchased Hospital and Post Hospital Care

This was an entirely new program which replaced the antiquated state-aided program	\$ 2,645,540
--	--------------

The following improvements are included in the appropriation requested and now approved by Governor Scranton for 1965-66.

Assistance Payments

Increase in Food Allowances	\$ 3,920,000
Increase in Nursing Home Care	1,000,000
\$5 Per Month Increase in Grants for the Permanently & Totally Disabled	1,086,000
Increase in Blind Pensions	1,345,000
	<hr/>
	\$ 7,351,000

In addition, the Food Stamp Program has been extended to 5 additional counties.

Furthermore, actual average grants to needy are being increased at a rate even more rapid than the total appropriations.

This is because while the appropriations are going up, the caseload is going down. Thus, Pennsylvania's new prosperity and special programs (e.g. Project Independence) are helping the needy substantially.

Total increase which will actually be received this year by welfare recipients will be up 14.2% since the Scranton Administration took office:

<u>Category</u>	1962-63 <u>Actual</u>	1965-66 <u>Estimated</u>	% <u>Increase</u>
Old Age Assistance	72.26	78.62	8.8%
Blind Pensions	74.15	81.47	9.9%
Aid to Dependent Children	30.15	33.36	10.6%
General Assistance	53.15	63.13	18.8%
Aid to the Disabled	58.35	72.97	25.0%
Total Average Monthly Grant	40.07	45.74	14.2%

No. 20-A.

AN ACT

HB 1365

Making an appropriation to the Department of Justice for certain capital improvements in accordance with long range planning for capital improvements designed to make the most effective use of the State's available resources.

The General Assembly of the Commonwealth of Pennsylvania hereby enacts as follows:

Section 1. The sum of three hundred forty-three thousand five hundred forty-one dollars (\$343,541), or as much thereof as may be necessary, is hereby specifically appropriated to the Department of
