Approved—The 10th day of May, A. D. 1927.

I am approving this bill, although there is some question whether the appropriation should not have been made to the Department of Forests and Waters rather than to the Fairmount Park Commission. However, the Commissioners of Fairmount Park have agreed that the appropriation will be expended under the supervision of the Department of Forests and Waters and that they will join with me in requesting the General Assembly at its next session to provide that in the maintenance of that part of Fairmount Park which will be the property of the Commonwealth as the result of the acquisition of land under this appropriation, the Fairmount Park Commission shall act as a departmental administrative commission within the Department of Forests and Waters.

### AN ACT

Making an appropriation to the Department of Welfare to pay for the treatment of the indigent sick or injured in medical and surgical hospitals not owned by the Commonwealth, for the two years ending the thirty-first day of May, one thousand nine hundred and twenty-nine.

Section 1. Be it enacted, &c., That the sum of one million dollars (\$1,000,000), or so much thereof as may be necessary, be and the same is hereby specifically appropriated to the Department of Welfare to pay for the treatment of the indigent sick or injured in medical and surgical hospitals not owned by the Commonwealth, for and during the two years beginning June first, one thousand nine hundred and twenty-seven, and ending May thirty-first, one thousand nine hundred and twenty-nine; payments to be made at the rate of three dollars (\$3) per diem for the medical and surgical treatment rendered to and maintenance of each person treated in said hospitals who is entitled to free service; and for each day of part pay service such proportion of the aforesaid three dollars (\$3) per diem rate as the part of the regular ward charge which the person so treated is not able to pay bears to the regular ward charge for such free service: Provided, however, That no hospital shall receive compensation at a rate exceeding the actual cost of service per capita in the public ward of said hospital.

The said appropriation shall be paid on the warrant of the Auditor General on the basis of settlement by that officer and the State Treasurer; but no warrant shall be drawn or settlement made until the directors or managers of the several medical and surgical hospitals shall have made, on oath or affirmation to the Auditor General, a quarterly report setting forth the names of the indigent sick or injured persons received and treated in said hospitals for the sick and injured respectively during the quarter for which the report is made, with the dates of their admission and discharge or death, respectively, and the actual time during which each of said indigent sick or injured persons was treated during said quarter: Provided also, That no payment shall be

made on account of the treatment of said indigent sick or injured persons until the Secretary of Welfare shall have certified to the Auditor General that the quarterly report setting forth the names of said indigent sick or injured persons contains no names other than that of patients entitled to receive care and treatment at the expense in full or in part of the State: And further provided, That no hospital shall, during any one year, receive more than one hundred thousand dollars (\$100,000).

Approved—The 10th day of May, A. D. 1927, in the amount of five hundred thousand dollars (\$500,000). I withhold my approval from the remainder of said appropriation because the validity of a similar appropriation made by the 1925 session of the General Assembly has been questioned in the courts. A case is now pending in and undecided by the Supreme Court of Pennsylvania, which will settle the question. Pending this decision I am unwilling to set aside more than one-half million dollars of the State's available revenue for a purpose for which none of it may be usable.
