No. 438

AN ACT

To promote safety for the traveling public on State highways; to extend the responsibility for subsidence of such highways by the failure of vertical and lateral support, and declaring said subsidence a public nuisance; to provide for inspection of mine maps by the Department of Highways, and the furnishing to said department of copies of such mine maps in certain cases; to authorize entry by the Department of Highways into mines in certain cases; and to provide for notices to the Department of Highways of certain mining operations under or adjacent to highways; and providing penalties.

Section 1. Be it enacted, &c., That whenever a State highway, or any part thereof, subsides by reason of the failure of vertical or lateral support therefor, it shall be the duty of the person, copartnership, association or corporation then owning the subjacent or adjacent strata, as the case may be, to provide for the restoration of the vertical and lateral support, and the replacement of the surface of such highway, upon receiving from the Department of Highways notice to proceed with such restoration and replacement. In the event that such owner of the subjacent or adjacent strata does not pro-

Subsidence.

Duty to restore and replace.
