(e.1) Use of Abutting Lands for Unobstructed View

Section 1767. Acquisition of Property.—Any borough may, singly or jointly, with another borough, city, county or township, acquire, by purchase or by the right of eminent domain, a free and unobstructed view down and across such lands located at or near the intersection of any two streets or highways or a street or highway and a railroad or railway or at a curve in any street or highway as may be necessary to assure a free and unobstructed view in all directions at such crossings, and to so prevent the use of such lands for any purpose or in any manner which may interfere with or obstruct the view of persons traveling upon any such street or highway.

Upon any such condemnation, the borough having had such view condemned may, from time to time, abate or remove or cause to be abated or removed any obstruction to the view over and across such lands except poles used in furnishing telephone, telegraph or electric service to the public.

Section 1768. Procedure.—The proceedings for the condemnation of such view over and across such lands and for the assessment of damages for property taken, injured or destroyed, or the portion thereof agreed to be paid by the borough if the taking is jointly with another borough, city, county or township, shall be taken in the manner provided in article fourteen of this act.

Section 1769. Future Use of Land by Owner.—Upon the purchase or condemnation of a view, the owner of such lands may make every such use thereof as will not interfere with a free and unobstructed view at the dangerous crossing or curve and, unless specially provided for in such purchase or condemnation proceedings, such purchase or condemnation shall not be *construed to prevent the owner thereof from using the land for pasture or the growing of grass, oats, wheat or other crops which will not obstruct the vision more than wheat.
