## No. 1996-8 (SS2)

#### AN ACT

### HB<sub>2</sub>

Itemizing public improvement projects for flood protection and flood damage repair to be constructed by the Department of General Services, together with their estimated financial costs; authorizing the use of disaster assistance bond funding for financing the projects to be constructed by the Department of General Services; stating the estimated useful life of the projects; making an appropriation; providing for the adoption of specific blizzard or flood mitigation projects or flood assistance projects to be financed from current revenues or from debt incurred under clause (1) of subsection (a) of section 7 of Article VIII of the Constitution of Pennsylvania; and making repeals.

The General Assembly of the Commonwealth of Pennsylvania hereby enacts as follows:

# CHAPTER 1 GENERAL PROVISIONS

Section 101. Short title.

This act shall be known and may be cited as the Special Session Flood Control and Hazard Mitigation Itemization Act of 1996.

# CHAPTER 3 FLOOD CAPITAL BUDGET PROJECT ITEMIZATIONS

Section 301. Short title of chapter.

This chapter shall be known and may be cited as the Special Session Flood Capital Budget Project Itemization Act of 1996. Section 302. Construction of chapter.

The provisions of this chapter shall be construed unless specifically provided otherwise as a supplement to the act of July 6, 1995 (P.L.269, No.38), known as the Capital Budget Act of 1995-1996. Section 303. Total authorization.

The total authorization for the capital projects in the category of public improvement projects itemized in section 304 and to be constructed by the Department of General Services, its successors or assigns and to be financed by the incurring of debt shall be \$391,541,000.

Section 304. Itemization of public improvement projects.

Additional capital projects in the category of public improvement projects to be constructed by the Department of General Services, its successors or assigns and to be financed by the incurring of debt are hereby itemized, together with their respective estimated financial costs, as follows:

- (a) Department of Conservation and Natural Resources \$469,000
  - (1) State Forest District Number 10
    - (i) State Share of Reconstruct Bridges Nos. 8, 32,
      - 52, 54, 55 and 57 to Increase Weight Limits,

| including Reconstruction of Foundations, Abutments<br>Superstructure and Decking to Permit Weight Loads | ,             |
|---|---------------|
| of up to 37 Tons  | 319,000       |
| (2) State Forest District Number 20   | ,             |
| (i) State Share of Reconstruct Bridges Nos. 6, 7,   |               |
| 9 and 10 to Increase Weight Limits, including   |               |
| Reconstruction of Foundations, Abutments,   |               |
| Superstructure and Decking to Permit Weight Loads   |               |
| of up to 37 Tons  | 100,000       |
| (3) Mt. Pisgah State Park   | ,             |
| (i) State Share of Repair Stream Bank Erosion at Both   |               |
| Ends of Bridge, Rip-rap and Concrete Bridge Slab  | 50,000        |
| (b) Department of Environmental Protection  | \$390,672,000 |
| (1) Adams County  | 4070,0.2,000  |
| (i) Borough of Biglerville, Storm Water Management  |               |
| Project   | 101,000       |
| (Base Project Allocation - \$91,000)  | ,             |
| (Design and Contingencies - \$10,000)   |               |
| (ii) County Flood Mitigation Project, Installation of   |               |
| Electronic Stream and Rainfall Gauges   | 38,000        |
| (Base Project Allocation - \$38,000)  | 55,555        |
| (2) Allegheny County  |               |
| (i) McKees Rocks Borough, Floodgates and Motors to  |               |
| Operate the Floodgates  | 20,000        |
| (Base Project Allocation - \$20,000)  |               |
| (ii) Coraopolis Borough, Floodgates and Motors to   |               |
| Operate the Floodgates  | 21,000        |
| (Base Project Allocation - \$21,000)  |               |
| (iii) Castle Shannon Borough, Saw Mill Brook Flood  |               |
| Control Project   | 450,000       |
| (Base Project Allocation - \$450,000)   | ,,,,,,,,      |

(Design and Contingencies - \$100,000) Section 305. Funding of projects.

(c)

(a) Funding for those projects eligible for Federal participation shall come from the proceeds of the bonds issued pursuant to the act of July 11, 1996 (2nd Sp.Sess., P.L.1767, No.4), which may be used to pay the non-Federal share of such projects.

Road from the Intersection of Bristol and Jacksonville Roads Northwest to Branch of Little Neshaminy Creek

(Base Construction Allocation - \$300,000)

(b) Funding for those projects which are not eligible for Federal participation shall come from the proceeds of the bonds authorized in this chapter.

Section 306. Debt authorization.

The Governor, Auditor General and State Treasurer are hereby authorized and directed to borrow from time to time, in addition to any authorization heretofore or hereafter enacted, on the credit of the Commonwealth, subject to the limitations provided in the current capital budget, money not exceeding in the aggregate the sum of \$391,541,000 as may be found necessary to carry out the construction of the public improvement projects specifically itemized in a capital budget.

Section 307. Issue of bonds.

The indebtedness authorized in this chapter shall be incurred from time to time and shall be evidenced by one or more series of general obligation bonds of the Commonwealth in such aggregate principal amounts for each series as the Governor, Auditor General and State Treasurer shall determine, but the latest stated maturity date shall not exceed the useful life of the projects being financed as stated in section 308.

Section 308. Estimated useful life and term of debt.

- (a) The General Assembly states that the estimated useful life of the public improvement projects and flood control projects itemized in this chapter is 30 years.
- (b) The maximum term of debt authorized to be incurred under this chapter is 30 years.

Section 309. Appropriations.

The net proceeds of the sale of the obligations authorized in this chapter are hereby appropriated from the Capital Facilities Fund to the Department of General Services in the maximum amount of \$391,541,000 to be used by it exclusively to defray the financial cost of the public improvement projects specifically itemized in a capital budget. After reserving or paying the expenses of the sale of the obligation, the State Treasurer shall pay to the Department of General Services the moneys as required and certified by it to be legally due and payable.

Section 310. Federal funds.

All moneys received from the Federal Government for the projects specifically itemized in this chapter are also hereby appropriated for those projects.

Section 311. Construction.

- (a) Amounts contained in this chapter for any project shall not supplant or replace any Federal funds authorized by any Federal law or regulation. Funding from this chapter for any project is available only to the extent that Federal funds are not available for such project.
- (b) Projects which are itemized in this chapter are deemed to be flood mitigation projects for purposes of and funding under Chapter 5 of this act to the extent that the projects qualify under The Robert T. Stafford Disaster Relief and Emergency Assistance Act (Public Law 93-288, 88 Stat. 143).

### CHAPTER 5

## DISASTER MITIGATION AND ASSISTANCE PROJECTS

Section 501. Short title of chapter.

This chapter shall be known and may be cited as the Special Session Disaster Mitigation and Assistance Projects Itemization Act of 1996. Section 502. Definitions.

The following words and phrases when used in this chapter shall have the meanings given to them in this section unless the context clearly indicates otherwise:

"Disaster." The period of time in calendar year 1996 relating to the blizzard and resulting flood emergency which were the subject of a presidential declaration of an emergency under The Robert T. Stafford Disaster Relief and Emergency Assistance Act (Public Law 93-288, 88 Stat. 143).

Section 503. Total authorization.

(a) Michaux State Forest

The total authorization for disaster mitigation projects or public assistance projects as defined in The Robert T. Stafford Disaster Relief and Emergency Assistance Act (Public Law 93-288, 88 Stat. 143) and to be financed in part with grants limited to the required match for the Federal share of the costs made to local political subdivisions or nonprofit organizations where applicable as itemized in this chapter is \$50,644,000. Projects for which no Federal funds are received shall not receive funding under this chapter. Section 504. Itemization of disaster mitigation or assistance projects.

The individual disaster mitigation or assistance projects to be financed from current revenues or debt are hereby itemized, together with their respective estimated financial costs, in the following sections. Section 505. Adams County.

| Section 572. Funds.                                  |        |

The projects itemized in this chapter shall be funded from current revenues or from any debt incurred under the provisions of clause (1) of subsection (a) of section 7 of Article VIII of the Constitution of Pennsylvania.

Section 573. State and local participation levels.

- (a) Public assistance.—The required non-Federal contribution of 25% necessary to secure Federal public assistance funding shall be divided between the State and the affected local political subdivision or nonprofit organization where applicable. The State share will be 22%, and the political subdivision or nonprofit organization share will be 3%.
- (b) Local waiver.—The Commonwealth may reduce the share of an affected political subdivision if the tax base of that political subdivision was substantially reduced as a direct result of the blizzard of January 1996 and the resulting flood emergency or if payment of the local share exceeds 40% of the most recently adopted annual budget of the political subdivision. The Commonwealth may require the adoption of appropriate flood control or storm water management plans as a condition of the waiver if the adoption of the plan does not present additional financial hardship. Section 574. Federal funds.

All moneys received from the Federal Government for the projects specifically itemized in this chapter are also hereby appropriated for those projects.

Section 575. Construction.

Amounts contained in this chapter for any project shall not supplant or replace any Federal funds authorized by any Federal law or regulation. Funding from this chapter for any project is available only to the extent that Federal funds are not available for such project.

# CHAPTER 7 MISCELLANEOUS PROVISIONS

Section 701. Constitutional construction.

The provisions of this act shall be severable and, if any of the provisions thereof shall be held unconstitutional, such decisions shall not affect the validity of any of the remaining provisions of this act. It is hereby declared as the legislative intent that this act would have been adopted had such unconstitutional provisions not been included therein.

Section 702. Repeals.

Section 3(5)(cxlviii)(G) of the act of October 21, 1988 (P.L.851, No.113), known as the Capital Budget Project Itemization Act for 1987-1988, is repealed.

Section 703. Effective date.

This act shall take effect immediately.

APPROVED—The 11th day of July, A.D. 1996.

THOMAS J. RIDGE
