CHAPTER 5  
(RESERVED)

CHAPTER 7  
MISCELLANEOUS PROVISIONS

Section 701. Debt authorization.

The Governor, Auditor General and State Treasurer are hereby authorized and directed to borrow from time to time, in addition to any authorization heretofore or hereafter enacted, on the credit of the Commonwealth, subject to the limitations provided in the current capital budget, money not exceeding in the aggregate the sum of \$19,154,285,000 as may be found necessary to carry out the acquisition and construction of the State projects specifically itemized in this act.

Section 702. Issue of bonds.

The indebtedness authorized in this act shall be incurred from time to time and shall be evidenced by one or more series of general obligation bonds of the Commonwealth in such aggregate principal amount for each series as the Governor, Auditor General and State Treasurer shall determine, but the latest stated maturity date shall not exceed 30 years from the date of the bond first issued for each series.

Section 703. Estimated useful life of projects.

The General Assembly states the estimated useful life of the projects itemized in this act as 30 years.

Section 704. Appropriation.

The net proceeds of the sale of the obligations authorized in this act are hereby appropriated from the Capital Facilities Fund to the Department of Transportation in the maximum amount of \$19,154,285,000 to be used by it exclusively to defray the financial costs of the State projects specifically itemized in this capital budget. After reserving or paying the expenses of the sale of the obligation, the State Treasurer shall pay out to the Department of Transportation the moneys as required and certified by it to be legally due and payable.

Section 705. Federal funds.

In addition to those funds appropriated in Chapter 3, all moneys received from the Federal Government for the projects specifically itemized in this act are also hereby appropriated for those projects.

Section 706. Allocation of funds.

Whenever as determined by the Department of Transportation that the full estimated financial costs of the projects itemized in this act are not necessary for the proper design, acquisition or construction of such projects, the excess funds no longer required may be allocated by the Department of Transportation to increase the estimated costs of any one or more of the projects specifically itemized in a capital budget.

Section 707. Editorial changes.

In editing and preparing this act for printing following the final enactment, the Legislative Reference Bureau shall insert or revise letters or numbers for projects where the letters or numbers are missing or require revision. The bureau shall also revise the total monetary amounts for the

total authorization, debt authorization, appropriations and departmental totals as necessary to agree with the total monetary amounts of the projects.  
Section 708. Effective date.

This act shall take effect immediately.

APPROVED—The 10th day of July, A.D. 2014
